Improve Management of Major Acquisitions

Goal Leaders

Barry Berkowitz, Senior Procurement Executive Department of Commerce,
Department of Commerce

Mathew Blum, Associate Administrator Office of Federal Procurement Policy,
Office of Management and Budget
Goal Statement
Federal agencies will ensure that contracts supporting transformative and other priority projects will meet or beat delivery schedules, provide exceptional customer service, and achieve savings or cost avoidance for the taxpayer.

Challenge
Major acquisitions, which are often over $50 million, account for approximately one-third of annual contract spend and often support transformative, high risk or other mission critical priorities -- from providing timely action on veterans health benefits to securing government infrastructure and verifying employment eligibility.

Too often, initiatives to transform government are unnecessarily put at risk of failures because:
- Many Federal program managers lack the skills to successfully manage large and complex acquisitions.
- Acquisition processes remain captive to a risk adverse culture that rewards compliance over creativity.
- Program management is undervalued and applied inconsistently across agencies.

Opportunity
Ensure every agency is on track in successfully achieving at least 2 transformational or other priority program goals through well managed major acquisitions.

Work with early adopters on pilot efforts which could include upgrade hospitals for better veterans care, modernize an integrated and efficient census, and improve loan program operations for borrowers.
Federal agencies will ensure contracts supporting transformative and other priority projects will meet or beat delivery schedules, provide exceptional customer service, and achieve savings or cost avoidance for the taxpayer.

**Goal Structure**

**STRATEGY 1:**
Strengthen Talent Capabilities

*Train and develop the workforce and foster critical thinking.*

**STRATEGY 2:**
Use Modern and Innovative Acquisition Flexibilities

*Strengthen acquisition lifecycle reviews and use innovative practices and resources.*

**STRATEGY 3:**
Track Investments Using Portfolio Management Principles (Implement PMIAA)

*Develop program/project management capabilities and a Federal dashboard.*

**INTEGRATION OF STRATEGIES**
Apply the above strategies to transformational and other priority projects supported by major acquisitions.
Strategy 1: Strengthen Talent Capabilities

- 60 acquisition professionals certified in digital IT.
- Program management certifications made available for both DoD and civilian agency program managers.
- IT specialization available for civilian agency program managers.

Strategy 2: Use Modern and Innovative Acquisition Flexibilities

- Five agency priority goals achieved per year using innovative acquisition strategies.
- 96% of CFO Act Agencies have designated Acquisition Innovation Advocates (AIAs).
- 50 practices and use cases posted on the Acquisition Innovation Hub and interactive discussion board.

Strategy 3: Track Investments Using Program Management Principles

- PMIAA (Program Management Improvement and Accountability Act) guidance drafted with emphasis on major acquisitions representing one-third of annual Federal spending.
Strategy 1: Strengthen Talent Capabilities

Competencies/Skill Gaps

**Job Series:** OPM to issue regulations and guidance on PM job series and/or job series identifier

**Competency Survey:** OPM develops PM competencies based on earlier work in this area. OPM performs a competency survey to identify gaps and recommends government-wide training to close gaps.

**Align Competencies:** FAI and PM Functional Advisory Board (FAB) look at DoD and civilian agency acquisition PM competencies and recommend how to better align them.

Training and Development

**Career Path:** OPM to issue regulations, guidance and policy on PM career path.

**Training:** FAI to pilot a cross-functional training class on critical thinking in the acquisition process. Develop more experiential learning and simulation coursework for critical skills, such as hard bargaining.

**Agency PM Development Strategies:** PMIOs will identify strategies to develop agency PMs to their fullest potential and ensure a strong, competitive pool of PMs are ready to assume senior PM positions.

**Mentoring:** PMIOs will work with agency CHCOs to develop and implement a mentoring strategy for agency PMs.

**Recognition:** The CAO Council will establish an annual award to recognize federal PM excellence.

Job Aids

**One-Stop PM Toolkit:** FAI, in conjunction with the FedPM Community of Practice and PM FAB, shall gather existing PM resources into a one-stop PM toolkit.

**Agency Specific Resources:** Each PMIO will establish a website with agency-specific tools and resources for PMs.

Strengthen acquisition lifecycle review protocols

- **Major Acquisition Reviews**: Establish, refresh, or confirm process for assessing high priority, critical, or high interest acquisitions supporting transformational projects.

- **Integrated Project Teams**: Identify process for engaging stakeholders to achieve (i) common understanding of program/project goals and measurements, (ii) requirements that reflect needs of stakeholders, and (iii) a suitable acquisition strategy to meet agreed upon stakeholder goals (with AIA advisory input as appropriate).

Maximize use of innovation practices

- **Internal support structure**
  - Promote internal information sharing.
  - Recognize achievements.
  - Develop and use in-house digital strategists.
  - Conduct outreach and acquire industry expertise.

- **External support structure**
  - Post use cases on the Acquisition Innovation Hub.
  - Ask for or offer expertise on Open Opportunities.
  - Establish or support innovative communities of practice.
  - As appropriate, consult with USDS and TTS/18F.

Strategy 3: Track Investments Using Program Management Principles

**Strengthen governance**
- Provide direction for agency implementation of government-wide PMIAA guidance.
- Establish organizational structure required by PMIAA.
  - Appoint PMIO.
  - Establish new Program Management Policy Council.
- Execute policy to track performance of meeting strategic goals, conduct portfolio reviews, and collect performance data.

**Increase transparency and accountability for results**
- Routinely monitor Federal program management progress.
- Manage portfolio reviews of agency investments.
- Improve behavior and prevent cost overruns, schedule delays, and performance shortfalls.
- Develop portfolio management dashboard.

May be particularly helpful for IT Services R&D/Emerging Technologies General
Acquisition Outcomes

- Shortened time to delivery, such as through incremental delivery of new functionality for major software products.

- Increased stakeholder satisfaction, both internal and external, demonstrated through higher contractor average past performance for major acquisitions in portfolio and delivery of improved service/technology.

- Eliminated duplicative contracts.

- Achieved savings/cost avoidance for major acquisitions in portfolio.

- Decreased percentage of change orders.

- Completed number of backlog items.
• Strengthen talent management, leverage innovative approaches, conduct major acquisition reviews.

• Perform portfolio management preparation activities required of all CFO Act agencies.

• Identify first portfolio of major acquisitions.

• Align portfolio with agency strategic goals.

• Collect performance data for each item in the portfolio.

• Identify obstacles to full implementation of portfolio, program, and project management.

• Establish data feeds from original sources to federal performance management dashboard to minimize agency reporting burden.

• Conduct acquisition portfolio reviews with OFPP.
