Goal Statement: To create a mission-driven government with modern technology and services that enable the workforce to better serve the American taxpayer.

Challenge: Outdated processes and technology, coupled with a culture of compliance, have created an inflexible mission-support environment.

- Common mission support services such as processing hiring transactions, managing finances, closing contracts, and processing payroll cost more than \$25B annually.
- Rather than economizing by sharing across the Federal government, we duplicate contracts, people, and technology across hundreds of locations.
- Thirty eight percent of Federal leaders report low satisfaction with mission support.

Opportunity: Improve the efficiency and effectiveness of the Federal government's mission support services in the short and long term, leading to improved performance, customer experience, and operational costs.

Connecting the Strategies From Laying the Foundation to Service Optimization

Strategy 1: OMB designates Standards Leads to work with agencies to develop government-wide capabilities for new service areas.

Strategy 2: Once capabilities are agreed upon, QSMOs are designated to offer modern technology and transaction processing solutions to drive scale, standardization, and efficiency.

Strategy 3: Services are mature, demonstrate value, and are customer-centric, thereby qualifying as an “existing service” and use is increased.

Strategy 1

Agree on what we can share

Strategy 2

Create better capabilities for the future

Strategy 3

Increase use of existing services

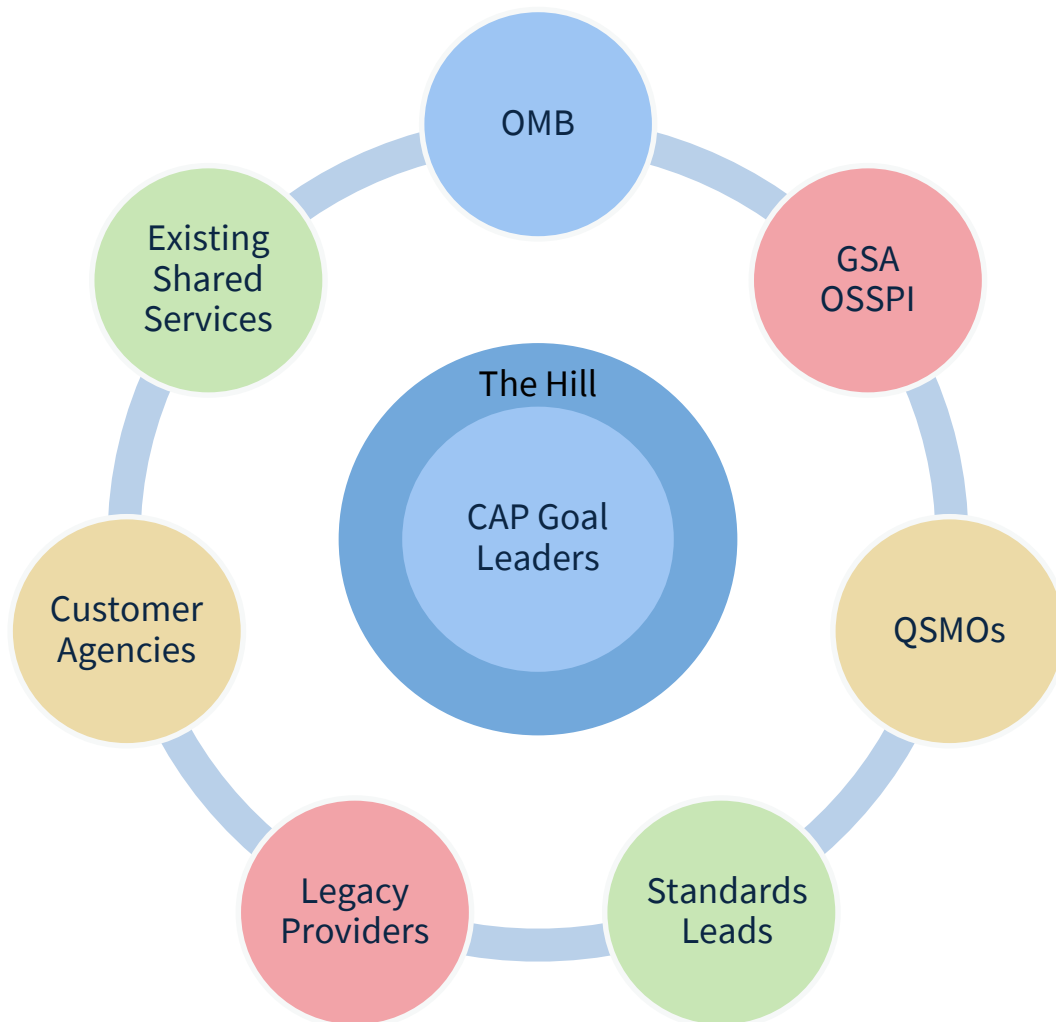

Service Optimization

Stakeholder Environment

The shared services stakeholder environment is expansive and complex. Members of the stakeholder environment include executive sponsors, the Congress, OMB, GSA OSSPI, providers of existing shared services, Governance Boards/Councils, Quality Service Management Offices and most importantly – agency customers.

Governance & Operating Model

**Office of Management and Budget
(OMB)**

**General Services Administration
(GSA)**

President's Management Council (PMC) :
OMB and GSA serve as the Mission Support CAP Goal Leaders

| | | | | | |
|--|------|----------------|-----------------|----------------|----------------|
| SSGC | OPPM | OFFM | OPPM | OFPP | OFCIO |
| Shared Services Governance Board (SSGB) | PIC | CFO Council | CHCO Council | CAO Council | CIO Council |

Governance Objectives

Define overall strategy for mission support services and identify key priorities.

Designate QSMOs by Functional Area and align policy with CAP Goal strategy and other management initiatives.

Set Council goals specific to community of practice (FM, HR, etc.) and in alignment with PMC goals.

Advise on cross-functional implementation of mission support services goals, includes GSA for implementation strategies.

Provide subject matter expertise and cross-functional integration of standards.

Define and coordinate government-wide standards through the management of Change Control Boards.

Identify ongoing and emerging operational needs via the working groups and change control boards.

Business Standards Council (BSC)

Standards Leads

Coordinate through Cross-Agency governance to establish and maintain standards following a common framework

Federal Agencies

Provide expert representatives to standards working groups and change control boards (as designated by CXO Councils)

GSA OSSPI*

* OSSPI coordinates governance, executes CAP Goal program management, and develops processes to support development and implementation of OMB policy as it relates to mission support services.

Governance & Operating Model

OMB/SSGB/BSC
(see above slide)

Roles and Responsibilities

Define overall strategy for mission support services and identify key priorities.

Purchase mission support services through the Service Management Office. Adopt and implement standards.

Use OSSPI's QSMO assessments to hold SMOs accountable for continuously executing on the QSMO performance criteria.

Review all task orders for compliance with standards and approve any Federal-unique requirement. TORB is run out of the QSMO with government-wide governance and participation.

Federal storefront to the shared solutions. Subject Matter Experts drive standardization (per FIBF), respond to user concerns, manage the creation of Federal unique micro-services, and manage the integration of commercial suppliers. Accountable for overall performance of service.

COMMON SOLUTIONS:** Deliver services to the Federal government that enable the QSMO to scale, innovate, and help drive standardization and cost reductions in mission support functions.

Federal Agency Users

OMB

Implementation & Integration Support

Help Desk and Transaction Support

- Vendor A
- Vendor B
- Federal Solution

- Vendor D
- Vendor E
- Federal Solution

- Vendor G
- Vendor H
- Federal Solution

GSA OSSPI*

* Coordinates governance, executes program management and develops processes to support development and implementation of OMB policy as it relates to mission support services.

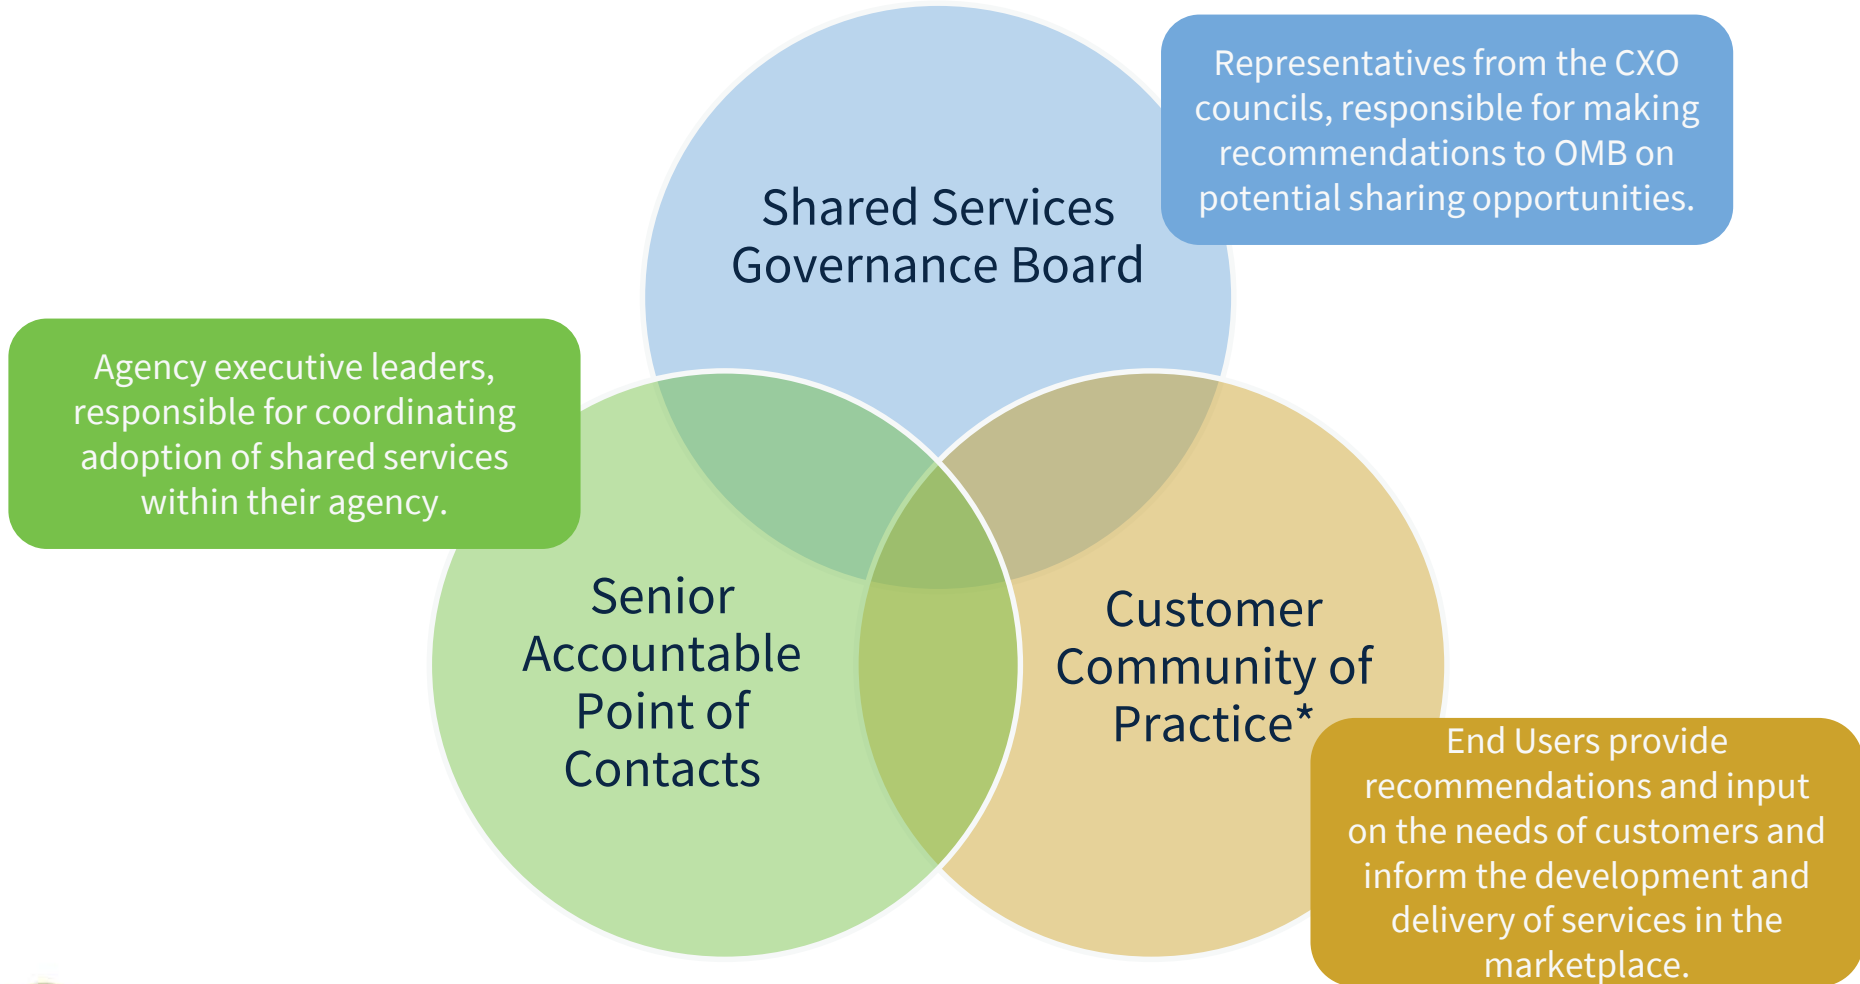

** Number of vendors is notional; however competition is necessary.

Voice of the Customer (VoC)

The “**Voice of the Customer**” is comprised of three distinct groups, representing various customer perspectives. Though they each play a different role in the governance and customer feedback processes, collectively they will work together to ensure QSMOs are responsive to the needs of customer agencies and provide valuable insights regarding customers’ needs.

* Customer Community of Practice will be stood up in Q2 FY 2020.

Strategy 1: Agree on What We Can Share

Progress on FIBF Development

An integrated FIBF, which leverages the work that has been done to date, will be completed for the following areas to help inform next steps. Cross-functional analysis will be ongoing and updates to the FIBF will be made accordingly.

| Functional Area | Designated Standards Lead | FIBF Component | | | | |
|-------------------------------|---------------------------|----------------------------|-----------------------|--------------------|------------------------|---------------------|
| | | Federal Business Lifecycle | Business Capabilities | Business Use Cases | Standard Data Elements | Performance Metrics |
| Core Financial Management | Treasury FIT | ✓ | ✓ | ✓ | | |
| Contract Writing Systems | DHS | ✓ | | | | |
| Travel | GSA | ✓ | | | | |
| HR Management Services* | OPM | | | | | |
| Cybersecurity Services | DHS | | | | | |
| Grants Management | OMB | ✓ | ✓ | ✓ | ✓ | |
| Electronic Records Management | NARA | | | | | |

*Payroll is complete. All other HR Management Svcs components remain under development.

= Initiation

= Under Development

= Complete

Strategy 1: Agree on What We Can Share

Key Milestones

| Key Milestones | Milestone Due Date | Milestone Status | Change From Last Quarter | Standards Lead | Anticipated Barriers or Other Issues Related to Milestone Completion |
|---|--------------------|------------------|--------------------------|----------------|---|
| <i>Complete Initial FIBF for Core Financial Management</i> | FY 20 Q1 | Y | Delayed | Treasury FIT | Path forward agreed to on FM Data Standards. Conclusion of BSC review anticipated Q1 FY20. |
| <i>Complete Initial FIBF for Contract Writing Systems</i> | FY 20 Q2 | G | No change | DHS | Dependent on outcomes and timeline of cross-functional analysis currently underway. |
| <i>Complete Initial FIBF for Travel</i> | FY 20 Q2 | G | No change | GSA | Dependent on outcomes and timeline of cross-functional analysis currently underway. |
| <i>Complete Initial FIBF for HR Management Services</i> | FY 20 Q1 | Y | Delayed | OPM | 70% complete. Targeting FY20 Q4, pending content alignment to FIBF template for BSC review. |
| <i>Complete Initial FIBF for Cybersecurity Services</i> | TBD | G | No change | DHS | |
| <i>Publish version 1.0 of core standard data elements for Grants Management</i> | FY 19 Q4 | B | Completed | OMB | |
| <i>Complete Initial FIBF for Electronic Records Management</i> | FY 20 Q3 | G | No change | NARA | Dependent on outcomes and timeline of cross-functional analysis currently underway. |

Status:

Completed: **B**

On Track: **G**

Late non-critical path task: **Y**

Late critical path task OR late non-critical path task at high risk: **R**

Upcoming: **P**

Strategy 2: Create Better Capabilities for the Future

Create centralized capabilities for functions that have agreed upon standards, and designate Quality Service Management Offices (QSMOs) to offer and manage competitive solutions that **drive standardization, integrate solutions, and respond to agency business needs. Centralized capabilities are envisioned for the following functions:**

| | Phase | Description | Policy Office | Standards Lead ¹ | QSMO | Functional Area |
|--|---|---|---|--|---------------------|--|
|  | Formal Designation | Planning has been completed and QSMO has begun implementation of services. | TBD | TBD | TBD | TBD |
|  | Assessment & Pre-Designation | Initial research has been completed to identify the lead agencies and assessment is underway. QSMOs receive Pre-designation status and prepare a 5 year plan in alignment with the designation criteria within 3 months of the pre-designation. | OPPM | OPM | GSA | <ul style="list-style-type: none"> ➤ Civilian HR Transaction Services Operational Support for: Talent Acquisition, Talent Development, Employee Performance Management, and Compensation and Benefits Management |
| | | | OFFM | Treasury FIT | Treasury | <ul style="list-style-type: none"> ➤ Core Financial Management Accounts Payable, Accounts Receivable, General Ledger, Reporting |
| | | | OFFM | OMB | HHS | <ul style="list-style-type: none"> ➤ Grants Management Grant Program Administration and Oversight, Management of Grant Pre-Award, Award, Post-Award & Closeout, Grant Recipient Oversight (<i>initial focus may be a Single Audit Solution</i>) |
| | | | OFCIO | DHS | DHS | <ul style="list-style-type: none"> ➤ Cybersecurity Services Network Defense, Vulnerability Management, Security Operations, Incident Management, Threat Intelligence, Enterprise Intrusion Detection/Prevention, Cyber Supply Chain Risk Management, DNS Services, Hardware/Software Asset Management, Digital Identity and Access Management, Data Protection, Mobile Security Services |
|  | Initiation & Research | Initial research about the possibility of a centralized capability for a functional area is underway. | OFPP OFPP GSA OPPM USDS OFFM | TBD DHS GSA TBD GSA GSA | Post-Research Phase | <ul style="list-style-type: none"> ➤ Assisted Acquisition ➤ Contract Writing Systems ➤ Travel ➤ FOIA ➤ Customer Experience ➤ Real Property Management |

¹Standards Leads not subject to formal designation process.

Strategy 2: Create Better Capabilities for the Future

How Agencies will get Support from the QSMO

Agency A

Agency B

Agency C

Quality Service Management Office

Quality Service Management Offices (QSMOs) are located in agencies with the mission and expertise to deliver standard capabilities for other agencies. QSMOs will offer **competitive services** that **drive standardization, integrate solutions,** and **respond to agency business needs**. The QSMO will offer **choice** as to what services or technology agencies can purchase and will be a mix of Federal and commercial support.

| Service = Technology | | |
|----------------------|----------|------------------|
| Vendor A | Vendor B | Federal Solution |

| Service = Technology + Processing | | |
|-----------------------------------|----------|------------------|
| Vendor A | Vendor B | Federal Solution |

| Service = Processing + Subject Matter Experts | | |
|---|----------|------------------|
| Vendor A | Vendor B | Federal Solution |

**Number of vendors is notional; however, competition is necessary.*

Strategy 2: Create Better Capabilities for the Future

Key Milestones

| Key Milestones | Milestone Due Date | Milestone Status | Change From Last Quarter | Owner | Anticipated Barriers or Other Issues Related to Milestone Completion |

Late critical path task OR late non-critical path task at high risk: **R**

Upcoming: **P**

Strategy 3: Create Better Capabilities for the Future

Key Performance Indicators

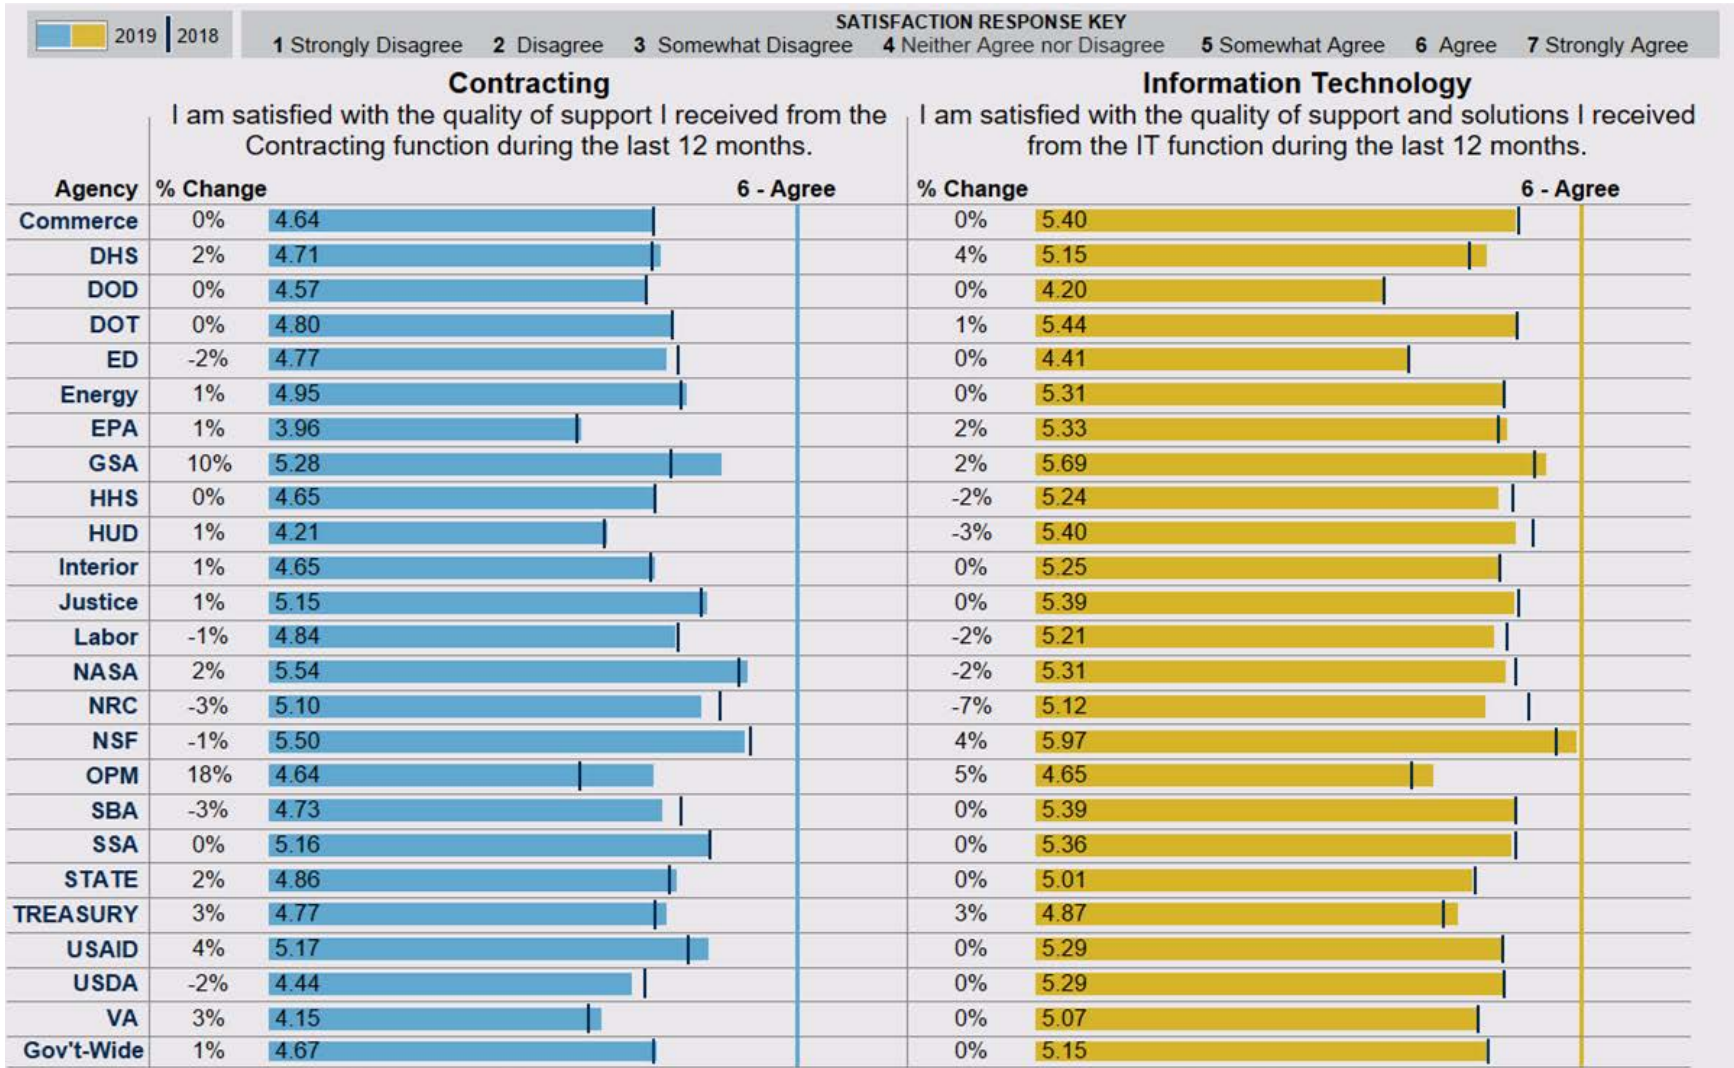

Customer Satisfaction Survey (CSS): In 2019, GSA surveyed all federal employees at the CFO-Act Agencies to assess their satisfaction with mission-support services during the previous 12 months. Collectively, the responses provide a detailed picture of satisfaction for 24 service areas across the Contracting, Financial Management, Human Capital, and IT functions. Please note that for DOD, the survey was only deployed to senior supervisory employees (GS-13 to GS-15 supervisors, SES, and equivalents) and that USAID did not participate in the 2019 CSS but shares results from their own survey.

Strategy 3: Create Better Capabilities for the Future

Key Performance Indicators, continued

Customer Satisfaction Survey (CSS): In 2019, GSA surveyed all federal employees at the CFO-Act Agencies to assess their satisfaction with mission-support services during the previous 12 months. Collectively, the responses provide a detailed picture of satisfaction for 24 service areas across the Contracting, Financial Management, Human Capital, and IT functions. Please note that for DOD, the survey was only deployed to senior supervisory employees (GS-13 to GS-15 supervisors, SES, and equivalents) and that USAID did not participate in the 2019 CSS but shares results from their own survey.

Strategy 3: Increase Use of Existing Services *Services that Work Today*

Agencies will submit a rolling annual plan to identify which of the following services the agency will prioritize for adoption on an annual basis (beginning in 2020/21). Agencies will be measured on their progress for the areas they select.

| Service Area | Lead Agency | Goal | Key Performance Indicators |
|--|-------------|---|--|
| Security Operations Center (SOC) as a Service | DOJ | Enhance adoption of SOC as a Service for detection, analysis, and response activities, and contribute to government-wide cyber-situational awareness. | # of authorized systems monitored by the SOC |
| Enterprise Infrastructure Solutions | GSA | Centralize voice and data services ordering to reduce operational costs and improve government spending. | % of disconnected legacy services # of EIS solicitations released for modernization |
| Electronic Records Management | GSA | Increase adoption of electronic records management solutions under GSA Multiple Award Schedule SIN 51 600 | \$ increase in annual sales |
| Fleet | GSA | Consolidate Federal fleet management to reduce costs and increase efficiencies through purchasing power and centralized maintenance. | # of vehicles studied/ # of vehicles consolidated |
| GSA SmartPay® | GSA | Reduce administrative burden through central access to tools, processes, or other actions related to purchase card management. | \$ increase in annual refund to agencies |
| Optimize Federal Disbursing | Treasury | Increase electronic payments and Treasury-disbursed payments. | % of Treasury-disbursed payments % electronic payments processed |
| Centralized Receivables | Treasury | Centralize Federal Government non-tax, non-loan receivables. | # increase in receivables processed through CRS |

Strategy 3: Increase Use of Existing Services

Key Milestones

| Key Milestones | Milestone Due Date | Milestone Status | Change From Last Quarter | Owner | Anticipated Barriers or Other Issues Related to Milestone Completion |
|---|--------------------|------------------|--------------------------|------------------|--|
| Security Operations Center (SOC) as a Service | | | | | |
| <i>Standardize On-boarding: Developing Easily Deployable Capabilities with a Repeatable Workflow to Onboard Federal Customers Quickly with Consistent Results: Standard Processes, Documentation, Cost Model, SLAs, Reports, etc.</i> | Q2 FY 2019 | B | Completed | DOJ | |
| <i>Define Quality of Service Metrics</i> | Q3 FY 2019 | B | Completed | DOJ | |
| <i>Complete the Onboarding of a Pilot Agency</i> | Q4 FY 2019 | B | Completed | DOJ/Pilot Agency | |
| <i>Enhance the Cybersecurity Posture of Federal Agencies by Providing Security Operation Center (SOC) services from DOJ's SOC</i> | FY 2020 | G | No change | DOJ | |

Strategy 3: Increase Use of Existing Services

Key Milestones

| Key Milestones | Milestone Due Date | Milestone Status | Change From Last Quarter | Owner | Anticipated Barriers or Other Issues Related to Milestone Completion |
|--|--------------------|------------------|--------------------------|-------|---|
| Enterprise Infrastructure Solutions | | | | | |
| <i>Establish a Method to Assess and Track Federal Network Modernization</i> | Q1 FY 2019 | B | Completed | GSA | The method has been established and is now being tracked as an ongoing activity. |
| <i>Accelerate Modernization of Federal Networks with Collaborative Forums and Ongoing Government and Industry Dialogue</i> | Q3 FY 2019 | B | Completed | GSA | Industry / Government forum was held on 07/10/19. |
| <i>Enhance the Cybersecurity Posture of Federal Networks by Providing Modernized Security Services Through EIS</i> | Q3 FY 2019 | Y | Delayed | GSA | Three components: 1. Cybersecurity offerings already defined on EIS, especially managed security. 2. EIS vendor systems security FISMA Assessments & Authorizations - 6 of 9 EIS vendors have received ATOs (as of 11/2019). Remaining vendors are targeted to receive ATOs Q1 FY2020. Agencies can still release solicitations and make awards to vendors with ATOs. 3. Awaiting defined use cases for TIC policy which should accelerate the use of EIS. |
| <i>Enhance Shared Systems and Services to Improve the Purchase Efficiency of Network Services</i> | Q4 FY 2019 | B | Completed | GSA | Two components to this measurement: 1. Conexus released 2. Conexus training and adoption made available to customer agencies |

Status:

Completed: **B**

On Track: **G**

Late non-critical path task: **Y**

Late critical path task OR late non-critical path task at high risk: **R**

Upcoming: **P**

Strategy 3: Increase Use of Existing Services

Key Milestones

| Key Milestones | Milestone Due Date | Milestone Status | Change From Last Quarter | Owner | Anticipated Barriers or Other Issues Related to Milestone Completion |
|--|--------------------|------------------|--------------------------|-------|---|
| Electronic Records Management | | | | | |
| <i>Perform outreach and training on newly approved records management PSCs</i> | Q4 FY 19 | B | Completed | GSA | Sent announcement through OMB to the Category Management Leadership Council (CMLC) in reference to Memo M-19-21 and informing the records officer community of the new PSCs. As a follow-up to the CMLC announcement, provided PSC training to records officers at NARA conference. While this milestone has been marked complete based on previous outreach, we expect this milestone to be an ongoing effort. |
| <i>Create stakeholder engagement plan to increase government awareness of Records Management offerings.</i> | Q1 FY 20 | G | No change | GSA | Briefed GSA CASE network on new ERM offerings, requesting their assistance in marketing this solution. Attending conferences, in partnership with NARA, to engage with agencies face to face and assist with their requirements. Conducted an email marketing campaign to increase awareness and will continue to disseminate. |
| <i>Strategically target key RM vendors to strengthen current offerings under the schedules program and support customer requirements.</i> | Q2 FY 20 | G | No change | GSA | MAS Transformation will have a major impact on the addition of new vendors to the existing records management offerings. Existing schedule contractors are reluctant to submit new offers under schedule 36, knowing that MAS transformation will soon consolidate their contracts. |
| <i>Utilizing new PSC Codes, capture and share transactional data, analyze federal spend, and implement initiatives to improve federal buying behavior.</i> | Q3 FY 20 | G | No change | GSA | The new PSC codes should offer data that will inform decisions related to government records management. We expect this data will identify potential gaps in schedule coverage, as well as highlight opportunities for customers to better utilize the schedule. |

Strategy 3: Increase Use of Existing Services

Key Milestones

| Key Milestones | Milestone Due Date | Milestone Status | Change From Last Quarter | Owner | Anticipated Barriers or Other Issues Related to Milestone Completion |
|--|--------------------|------------------|--------------------------|-------|--|
| Fleet | | | | | |
| <i>First Round of Motor Vehicle Consolidation Studies Completed</i> | Q1 FY 2019 | B | Completed | GSA | Completed the Air Force, Army, Army Corps of Engineers, Energy, and Veterans Affairs studies. All five studies recommended consolidation with GSA Fleet. DHS study was delayed due to the partial Government shutdown – completed in March 2019. |
| <i>Determination of Motor Vehicles to Consolidate from First Study</i> | Q2 FY 2019 | B | Completed | GSA | GSA Administrator sent the completed Air Force, Army, Army Corps of Engineers, Energy, and Veterans Affairs studies to the heads of agencies and requested meetings to discuss the findings and next steps. Follow up meetings have occurred with Veterans Affairs, no other agencies have agreed to meet. |
| <i>Second Round of Motor Vehicle Consolidation Studies Underway</i> | Q2 FY 2019 | B | Completed | GSA | Agriculture, Interior, Marine Corps and Navy studies underway with the Navy and Marine Corps studies nearing completion. |
| <i>Finalize First Round of Motor Vehicle Consolidations</i> | Q1 FY 2020 | R | Delayed | GSA | Year 1 agencies have been very slow to respond (or in some cases non-responsive) to requests to meet to discuss next steps. The only planned consolidation is with DOE in Oak Ridge, TN (400 vehicles - Completed October 8, 2019). |
| <i>Second Round of Vehicle Consolidation Studies Completed</i> | Q1 FY 2020 | Y | Possible delay | GSA | Agriculture, Interior, Marine Corps, and Navy studies are expected to be completed by December 31. Justice study may go into Q2 due to extensive delays by Justice in reviewing the drafts. |

Strategy 3: Increase Use of Existing Services

Key Milestones

| Key Milestones | Milestone Due Date | Milestone Status | Change From Last Quarter | Owner | Anticipated Barriers or other Issues Related to Milestone Completion |
|---|--------------------|------------------|--------------------------|----------|--|
| Optimize Federal Disbursing | | | | | |
| Convert to Treasury-Disbursed Payments <i>Increase Treasury-disbursed Payments to 89% of all Federal Payments</i> | FY 2020 | G | No change | Treasury | As of FY 2019, Q3, Treasury disbursed 87.31% of Government payments, an increase from 86.86% in FY 2018. We are on target to meet our 89% goal in FY 2020 and FY 2021 goal of 95% when Department of Defense transitions larger volumes for Treasury disbursing; if the transition is delayed, Fiscal Service will not meet its goal of 95% by 2021. |
| Increase Electronic Payments <i>Maintain 95% EFT rate for Treasury-disbursed Payments; Print and Mail Fewer than 51.3 Million Treasury-disbursed Checks</i> | FY 2020 | G | No change | Treasury | Disbursed 54.2 million in FY 2019, down from 56.2 million in FY 2018. Fiscal Service and IRS continue to collaborate to develop strategies for tax refund checks. |
| Centralized Receivables | | | | | |
| <i>1M Receivables Processed through CRS</i> | Q4 FY 2021 | G | No change | Treasury | Even with a shortfall realized in FY 2019, CRS is still on a path to meet these goals. |
| <i>925,000 Receivables Processed through CRS</i> | Q4 FY 2020 | G | No change | Treasury | |
| <i>831,000 Receivables Processed through CRS</i> | Q4 FY 2019 | Y | Delayed | Treasury | In FY 2019, CRS processed 751,407 receivables and reduced its shortfall by 28%. |
