Grants Innovation Exchange Session

*ReInvent Grants Management and the Grant-Recipient Digital Dossier -
Analyzing HHS Data to Assess Pre-Award Risk*

Mr. Michael (Mike) Peckham
ReInvent Grants Management Lead

United States Department of Health and Human Services,
ReImagine HHS Initiative

December 5, 2019

Session Overview

- **Welcome**
- **Speaker Introduction**
- **Innovation Exchange Presentation**
- **Cross Agency Priority Goal 8: Results-Oriented Accountability for Grants**
- **Q&A**
- **Stay Informed!**

Speaker Introduction

Speaker: Mr. Michael (Mike) Peckham

Mr. Michael (Mike) Peckham is the ReInvent Grants Management Lead at the United States Department of Health and Human Services (HHS). Mike leads the Department-wide ReImagine HHS initiative and is currently the acting CFO of HHS's Program Support Center. He brings over 30 years' experience in federal accounting, program management, systems implementation, and grants management to lead HHS in meeting its ReImagine goals of modernizing HHS Grants Management.

Mike recently led the HHS DATA Act Program Management Office in successfully meeting the implementation goals, and also led the grants portion of the Section 5 Pilot under the statute. With a hands-on working knowledge of process improvement, Mike has managed: policy/statute interpretation and operational execution; systems modernization projects; expanded the use of electronic workflows; reporting functionality improvements; enhanced user interfaces; website updates; intergovernmental coordination on policy establishment, and extensive external outreach and engagement efforts.

ReImagining How HHS Serves the American People

HHS ReInvent Grants Management (RGM)

Grant-Recipient Digital Dossier

December 2019

Mission

To create efficiencies within grants management for HHS that can be leveraged by all stakeholders

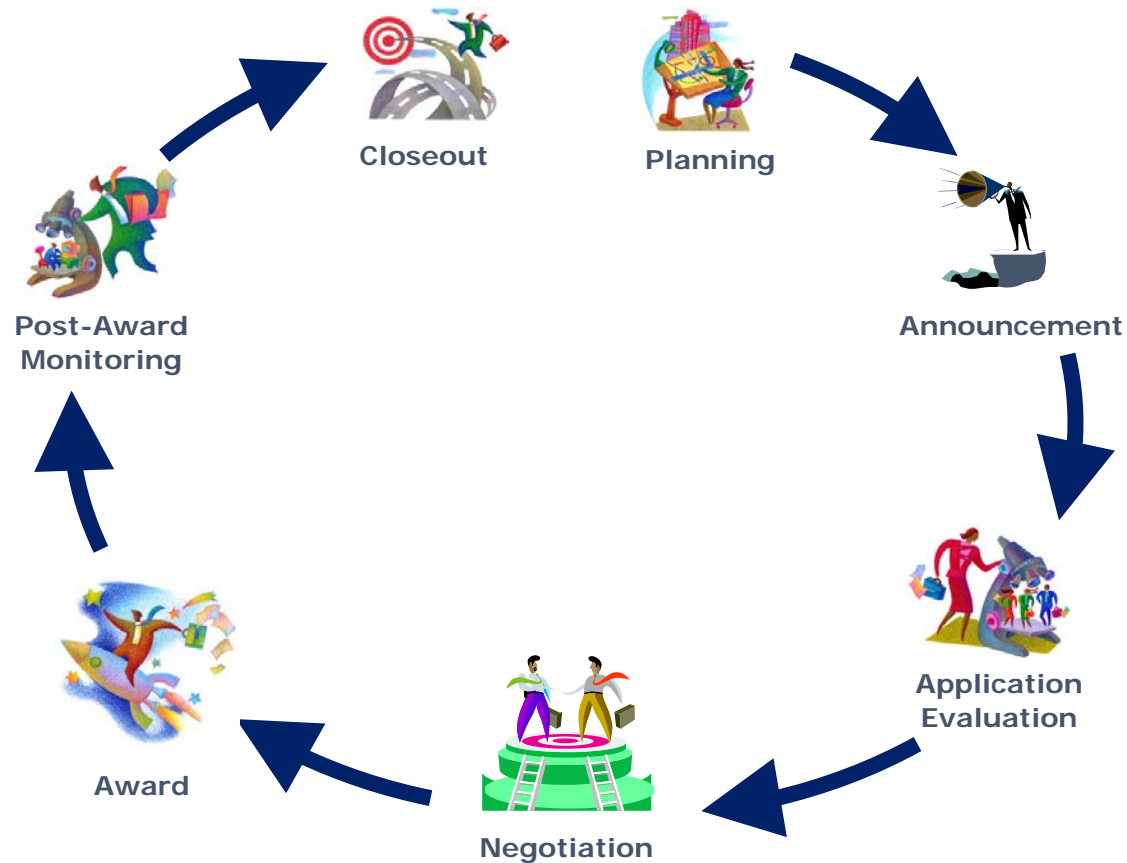

Vision

Develop an HHS grants model that will also provide lessons learned to inform government-wide improvements

“The complex nature of HHS grant-making capabilities **provide RGM a unique opportunity to improve processes and impact 69% of Federal Grant dollars.**”

Grants Management Lifecycle

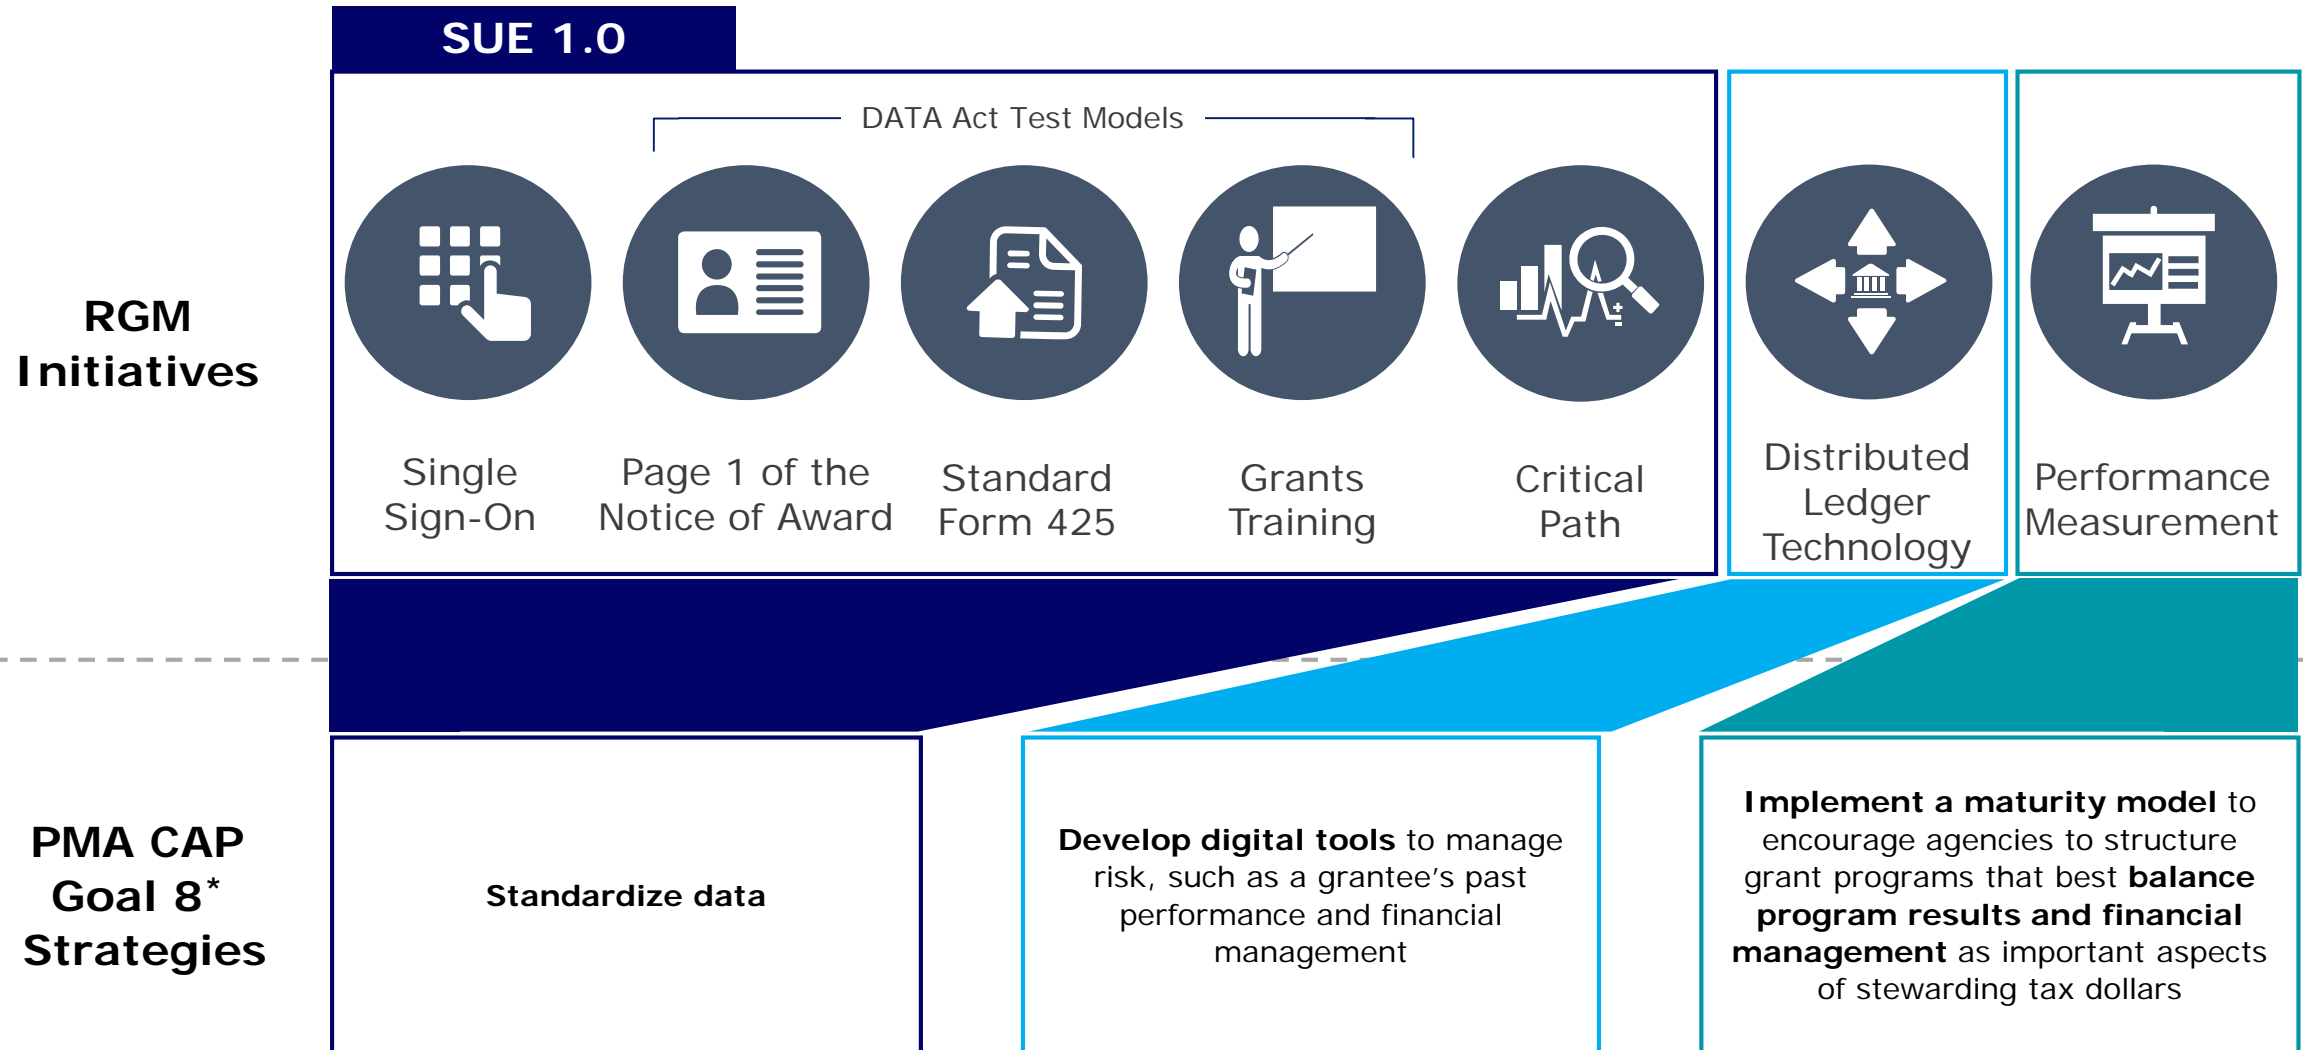

ReInvent Grants Management Approach

Single User Experience – Streamline the grants user experience through central access, simplified data input, and more aligned services

Grants Administration Improvements – Develop process efficiencies that can be leveraged by all stakeholders across the grants lifecycle

Performance Measurement – Enhance performance measurements to improve decision-making during the grants lifecycle

* The President's Management Agenda (PMA) Cross-Agency Priority (CAP) Goal 8: Results-Oriented Accountability for Grants.

Initiative Goal

- Use **innovative technology** to create a better business network for grants management within HHS.

RGM Findings

- Recognized that there are **opportunities to improve and streamline grant processes** in the grants management life cycle, particularly in the grant recipient evaluation process.

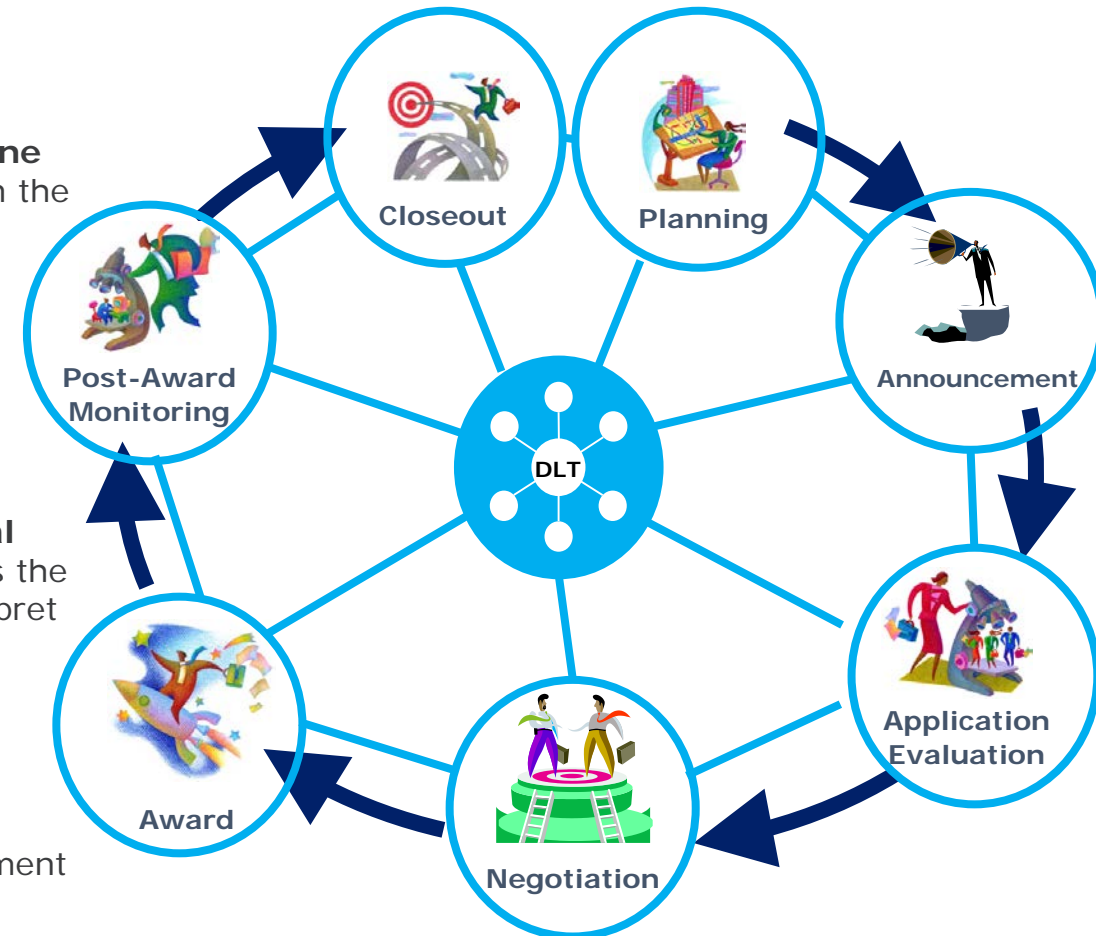

Solutions Approach/Accomplishments

- Led numerous **User-Centered Design (UCD) sessions** with HHS grantors and grant recipients to identify areas of frustration and inefficiencies.
- Using blockchain technology, developed the **Grant-Recipient Digital Dossier (GDD)** that displays grant recipient information from across the government data sources and leverages artificial intelligence to interpret data.

What's Next?

- Continue to encourage participation in upcoming UCD sessions.
- Develop a grant recipient tool to help improve overall grant management performance, including assessing and monitoring subrecipients.

Results-Oriented Accountability for Grants Cross Agency Priority Goal (Grants CAP Goal)

Maximize the value of grant funding by applying a risk-based, data driven framework that balances compliance requirements with demonstrating successful results for the American taxpayer.

GOAL STATEMENT

Cross Agency Priority Goal Environment

Grants CAP Goal Strategies

Hold recipients accountable for good performance practices that support achievement of program goals and objectives; & streamline burdensome compliance requirements for those that demonstrate results.

Achieve Goals and Objectives

Standardize Business Processes & Data

Standardize grants management business processes & identify, operationalize, standardize, & link data.

Build Shared IT Infrastructure

Use standard business processes & data to identify opportunities to build shared solutions that reduce burden & improve the user experience.

Manage Risk

Leverage data, including data from annual audits, to assess & manage recipient risk.
