- Additional technical assistance may be necessary for entrepreneurs seeking to compete in the federal contracting marketplace

Opportunity

- Business Opportunity Specialists located in 68 district offices, Procurement Center Representatives located in SBA area offices, and acquisition specialists located in the other federal agency offices of small disadvantaged business utilization, the SBA seeks to increase the number of disadvantaged (8(a)-certified) small businesses winning federal contracts

Data Accuracy and Reliability

Award of contracts are recorded in the Federal Procurement Data System–Next Generation (FPDS–NG). Data is entered into FPDS–NG by the contracting officer or other acquisition staff, manually or by transmission from contract writing system.

FPDS data is not certified for accuracy by federal buying activities until the 3rd quarter of the following year.

Historically, few 8(a) contracts are awarded during the 1st quarter of a given FY and overall small business contracting is accelerated during the 4th quarter.

Unofficial data is available the next day after entry. Official data is not available until the third quarter of the next fiscal year.
