Agency Priority Goal Action Plan

Improve Hearings Pending

Goal Leaders:

Goal Leader: Elaine Garrison-Daniels, Assistant Deputy Commissioner, Office of Hearings Operations

Deputy Goal Leader: Patrick Nagle, Chief Administrative Law Judge, Office of Hearings Operations
Overview

Goal Statement and Targets

Improve customer service in the hearings process by prioritizing those individuals who have waited the longest for a hearing decision.

- By September 30, 2018, decide 97 percent of cases that begin the fiscal year 430 days old or older (decide ~374,000 cases).
- By September 30, 2019, decide 95 percent of cases that begin the fiscal year 350 days old or older (decide ~355,000 cases).

Challenge

We continue to focus on reducing the backlog and making timely decisions that are policy compliant.

Opportunity

- Moving workloads around the country to better align with our resources;
- Transferring and scheduling cases according to established milestones to meet the 75-day hearing notice requirement and ensure completion by the end of the fiscal year; and
- Creating a top-100 oldest cases of concern report to ensure that complex cases, which are difficult to schedule and hear, receive sustained attention until they are completed.

Strategic Alignment

This APG supports strategic goal “Deliver Services Effectively” and strategic objective “Improve Service Delivery”
Implementation Strategies

The following are our implementation strategies for accomplishing this APG:

• Increase adjudicatory capacity
• Process and decisional quality improvements
• Leverage technology improvements
• Increase accountability and focus on aged cases
<table>
<thead>
<tr>
<th>Key Risks</th>
<th>Mitigation</th>
</tr>
</thead>
<tbody>
<tr>
<td>High levels of attrition</td>
<td>With sufficient budgetary resources, we can replace ALJs and support staff accordingly.</td>
</tr>
<tr>
<td>Catastrophic events that force closure of our facilities</td>
<td>We can move work to other hearing offices to avoid ceasing services in an affected area; however, postponements of some hearings would be unavoidable.</td>
</tr>
<tr>
<td>Significant increase in disability claim receipts due to factors outside our control</td>
<td>We would maximize effective use of overtime and move work to other hearing offices to balance workloads.</td>
</tr>

¹FY 2019 Q2 results are through March 29, 2019, which is the end of the operating month.
Secondary Indicator Q2 Results (Annual Target Only)

Total Hearings Pending

FY 2019 Target: Reduce the total hearings pending to 591,000

FYTD 2019 Results (through Q2): 723,755

Overall APG Progress

At the close of the second quarter, we decided 71.6 percent of aged cases, with 86,694 aged cases remaining to reach the FY 2019 goal. Additionally, we scheduled 98.1 percent and held hearings on 85.5 percent of our aged cases. We began FY 2019 with 858,383 hearing cases pending and reduced the pending cases to 723,755 by the end of the second quarter. We reduced our hearings cases for each consecutive month since January 2017. March represented the greatest monthly reduction in pending cases (over 31,000) and dispositions completed (over 84,600 cases).

Historical Data

Fiscal Year to Date Aged Case Completion

Targets
FY 2016: 99%
FY 2017: 97%
FY 2018: 97%
FY 2019: 95%
Data Accuracy and Reliability

Our hearings workload data comes from our Case Processing Management System (CMPS) and is accurate and reliable. CPMS has been reviewed and validated by auditors who have endorsed its quality and reliability.

Our Target Age Summary report allows us to isolate cases that are 430 days old or older, to track their progress through the identified APG milestones. This report shows each region and office’s progress toward the goal.

The Disability Adjudication Reporting Tool (DART) provides similar data to the Target Age Summary report, but with more detail, including a listing of all current aged cases that can be sorted by filing date, region, office, status, etc. DART will help us identify specific problem cases, so we can give them individualized attention to ensure they are processed timely.
Stakeholders

**Congress:** Our Office of Hearings Operations meets with congressional committees quarterly to discuss our CARES Plan and associated initiatives, and their feedback on this Plan is used to evaluate and improve our programs. Many of the initiatives detailed in the CARES Plan have a direct impact on our ability to hear and decide cases timely.

**Claimant Representatives:** We interact with claimant representatives through the National Association of Disability Representatives and National Organization of Social Security Claimants’ Representatives in order to resolve questions they have about our programs or current business processes.

**Claimant Advocacy and Disability Advocacy Organizations:** These organizations advocate for the rights of the disabled and those applying for disability.

**Labor Union Organizations:** These organizations represent our employees and ALJs. They provide input to our Hearings Operations leadership.
