Administration: Implement an Enterprise-Wide Shared Services Model

Goal Leader: Bryan Slater, ASAM
Deputy Goal Leader: Edward C. Hugler, Deputy ASAM

Theme: Management
Overview

Goal Statement
  o By September 30, 2019, begin implementation of an enterprise-wide shared services model for DOL core administrative functions.

Challenge
  o DOL’s administrative functions are decentralized which has led to fragmentation, duplication, inconsistent implementation of administrative functions (e.g., procurement, space management, HR services, IT, and personnel and physical security) and uneven customer service.

Opportunity
  o A shared services model for the delivery of core administrative services will provide greater efficiency and improved quality, while allowing program agencies to focus on mission and programs.
  o Streamlining the delivery of administrative functions will allow the Department to leverage economies of scale; gain managerial oversight and operational efficiencies to more rapidly implement government-wide directives; more effectively enforce legislation, regulation, and policies; and strategically plan for customer needs.
Core leadership contributing to overall management of the APG include key leaders from DOL’s Office of the Assistant Secretary for Administration and Management (OASAM).

- Bryan Slater, Assistant Secretary
- Edward C. Hugler, Deputy Assistant Secretary

**Procurement**
- Al Stewart
- Carl Campbell

**Space Management**
- Al Stewart
- Phil Puckett

**Human Resources**
- Sydney Rose
- Kim Sasajima

**Information Technology**
- Gundeep Ahluwalia
- Tonya Manning

**Personnel and Physical Security**
- Stacey Thompson
- Robert Behm
Goal Structure & Strategies

By September 30, 2019, DOL will begin implementation of an enterprise-wide shared service model for core administrative functions by:

- Pursuing a collaborative, phased approach with DOL partners/clients through early and frequent communications;
- Leveraging best practices and organizational efficiencies;
- Identifying and capturing savings; and
- Identifying legislative or statutory reforms, where necessary.
Goal Structure & Strategies

Specifically, for administrative functions or service areas, DOL will pursue the following strategies:

- **Procurement:** Develop best practices and merge DOL procurement functions into OASAM’s Business Operations Center or where best suited, ultimately realigning procurement offices within DOL under one unified, standardized and centrally-managed shared service provider.

- **Space Management:** Merge DOL space management functions into OASAM to improve conformance with space standards, increase efficiency in space utilization, and reduce costs.

- **Human Resources:** Evaluate DOL’s HR service delivery model to identify opportunities to improve strategic human capital planning; create greater consistency in the delivery of HR products and services across DOL; reduce overall HR costs; and improve efficiency and effectiveness of HR operations, services and processes.

- **Information Technology:** Promote a modern, secure and innovative IT environment by implementing an enterprise-wide data analytics platform and cloud hosting capability.

- **Personnel and Physical Security:** Create a safer and more secure workplace by implementing an enterprise-wide Physical Access Control System and centralizing departmental personnel security operations.
In support of the Department’s Enterprise-wide Shared Services Model for administrative services, OASAM initiated a solicitation in Q1 to support facilitation of communications and coordination with the agencies in developing a departmental shared service model that:

- Leverages economies of scale to reduce the cost of services, freeing agency resources to be dedicated to core mission functions;
- Finds opportunities for process efficiency; and
- Improves overall service delivery.
## Key Milestones

### Milestone Summary

Key Milestones

Space Management

- DOL is pursuing a multi-year, Department-wide strategy to eliminate non-mission dependent space, increase utilization rates, and reduce the costs of the properties leased through GSA. The Department’s “One DOL” approach to space management includes 1) co-location of DOL offices to the maximum extent possible and practical and 2) encouraging the use of shared resources such as common use reception areas, conference rooms, training rooms and break rooms. DOL’s FY2019-2013 office space reduction goal is to reduce 411,781 net square feet of office space.
- Quarterly Space Status Meetings are held with the Office of the Assistant Secretary for Administration and Management (OASAM) Regional Administrators to review the status of current space actions and identify the potential for additional space reduction opportunities.

Key Indicators

Procurement:
- Certification rate of contracting professionals [Targeted increase]
- Past Performance Information retrieval System (PPIRS) Compliance Rate [Target: 96%]
- Federal Awardee Performance and Integrity Information System (FAPIIS) Compliance Rate [Targeted increase]
- One-Bid Rate for Competitive Acquisition
- Increase the number of DOL enterprise-wide vehicles [Target: 3]
- Increase spending through Best-in-Class (BIC) solutions to 35% of all available (excluding ETA/JC) BIC spending over FY 2016 baseline [Target: 35%]

Space Management:
- Federal Real Property Profile/Reduce the Footprint (RTF) Benchmarking Data

Human Resources:
- OMB Government Benchmarking Data:
  - Decrease Agency Human Capital Cost per Employee Serviced [Target: $3,200]
  - Increase Agency Human Capital Servicing Ratio [Target: 1:30]
  - Increase HR Staff Engagement Scores [Target: 60]
  - Increase Hiring Manager Satisfaction Survey Results [Target: 4.5]
Key Indicators

Human Resources (Cont.):
  o OPM Hiring Satisfaction Surveys
    1. Increase the Hiring Manager Satisfaction Index Score of the Chief Human Capital Officer Manager Survey [Target: 80%]
  o OASAM Operating Plan Performance Metrics
    1. Decrease the average number of days to hire SES employee [Target: 120 days]
    2. Decrease the average number of days to hire a new employee [Target: 80 days]

Information Technology:
  o Count of agencies participating in IT stakeholder meetings to identify DOL data analytic business unit needs [FY 2018 Target: 5 agencies; FY 2019 Target: 10 agencies (5 additional agencies above FY 2018 target)]
  o Count of connections to legacy data repositories in FY 2019 [Target: 3 legacy data repositories]
  o Decrease SSDC Virtual Server count as a result of moving to the Enterprise Cloud platform [FY 2018 Target: decrease of 75 virtual servers or 5% decrease of the baseline of 1,500 VMs; FY 2019 Target: decrease 150 virtual servers or 10% of the baseline of 1,500 VMs]

Personnel and Physical Security:
  o Office of Personnel Management (OPM) and the Office of the Director of National Intelligence’s (ODNI) timeliness goals for background investigation request processing [Target: 14 days]
  o Percentage of electronically controlled doors integrated into ePACS at FPB [Target: 60%]
Data sources include:

- DOL’s Acquisition Management System (AMS); Federal Procurement Data System - Next Generation (FPDS-NG); DOL’s Federal Real Property Profile (FRPP); DOL’s HR Connect; DOL’s DOORS (Department of Labor Online Opportunities Recruitment System) OPM’s Federal Employee Viewpoint Survey; OPM’s CHCO Survey; OPM provides background timeliness results quarterly; DOL’s Physical Access Control System
